

Monday Pray for Those Trying to Describe an Indescribable God in Latin America

Bobby and Sandy Jank minister among the **Yanomamö** people. "I [Bobby] was working with my Yanomamö co-worker Mateo, ... and he wanted to talk about the way we refer to God in the Bible translation and in the lessons. It's been bothering him that the term we use doesn't invoke some of the qualities and characteristics that he has come to appreciate about God. ... Mateo is not only helping me with language and culture issues like he has all along, but now he's actually bearing the burden of it together with me as we try to portray in Yanomamö the sometimes 'indescribable' attributes of God!"

"Please pray that God will continue to work in our lives as we handle His Word and work on these lessons. We need wisdom. We need the right focus. We need strategy in the lessons that helps lead in the right direction. We need simplicity even while the concepts we're describing are wildly unheard of. We need faith that God's thoughts, that His message to the Yanomamö, is exactly what they need to hear."

Wednesday Ready to Start Teaching God's Message in West Africa

Aaron and Amy minister among the **G people of West Africa**. Aaron and Amy and their co-workers, Guy and Keyla, are ready to "start teaching God's message" to the G people. "There are still many things that could hinder the start of the teaching.

"Please pray that the start of teaching God's Word will go smoothly and that plenty of people will come. Pray that we will be able to have good interactions with people after each lesson

and throughout the week, discussing with them the things they have heard and encouraging them to come and hear more of God's Word. Pray for wisdom in how to split up our time between spending time with the people and spending time behind the desk working on Bible translation stuff, literacy materials and Bible lessons."

Thursday **Sanctification, Translation and Bible Conferences in Bolivia**

Larry and Linda Depue minister in **Bolivia** and spend much of their time teaching believers in the church. "In our ministries lately we have been teaching and focusing on sanctification, or in other words, daily Christian living. ... Pray that we will avoid the confusion of a works-based salvation and promote a clear understanding of grace.

"Linda has started the translation of simple Bible lessons into the Simba language. Pray for her in this challenging work. ... I [Larry] am helping organize and participating in Bible conferences and workshops. ... Please pray for all the details involved in lining up teachers as well as their room and board. We want to invite Bolivian pastors to be involved in the teaching." Pray that the mechanic would be able to fix the Depues' truck which broke down on the way to the Simba Bible conference earlier this year.
