

Monday **Providing Debt-Free Bible Education at EBI in Wisconsin**

Andrew and Sara Royer minister to students through their various roles at **Ethnos360 Bible Institute (EBI)**. Andrew serves as president of EBI. Praise the Lord that there has been an increase in student applicants for the fall semester and that the Royers have seen God working in the lives of each student at EBI.

“One of the larger projects [Andrew] is taking on this year is developing a capital campaign to revitalize the [EBI] campus. ... With rising costs and a 115-year-old building, we are seeing [this campaign] is necessary so that we don’t have to raise costs for students beyond what is affordable. This is a core value for EBI: to provide solid Bible foundation and discipleship with no debt so that missionary candidates can go to the field unhindered.” Pray that God would provide funding for the EBI revitalization campaign. Tuesday **Pray for your Siawi brothers and sisters in Papua New Guinea**

Linda Krieg is a **retired Bible translator for the Siawi people of Papua New Guinea (PNG)**. “With the creep of ... ‘the outside world’ toward Siawi has come new communication opportunities.” Internet access has allowed the Siawi to keep in contact with their former missionaries. Amid a tuberculosis (TB) outbreak, Linda’s Siawi friend Joel (formerly a translation co-worker) has been able to keep Linda updated on the status of his daughter Sandra and her son who have TB.

“Please do be praying for your Siawi brothers and sisters as they face not only life-threatening illness and diseases with little medical care, but also the evils of this world that have ready access. ... I’ve been so thankful that God brought the gospel message to Siawi, along with His Word in their own language, before the doors really opened to the outside world.”

Wednesday **Pray for Missionaries Plugging Away in West Africa**

TJ and Lily minister among the **J people of West Africa**. “Please pray as we continue plugging away at language and now hone in on deeper culture study too. ... The more we learn this language and culture, the deeper and darker it gets. ... It breaks our hearts AND is a motivator to keep pushing forward ... that we may soon teach God’s Word.”

Praise God that TJ and Lily and their team have begun developing meaningful relationships with the J people. Pray for consistent language help and for good attendance at literacy and typing classes. Pray that God would give wisdom and discernment as field leaders are chosen for the West Africa field.

Thursday **Nagi people of Asia Pacific Hearing Truth for the First Time**

Joanna Jansma ministers among the **Nagi people of Asia Pacific**. “Please pray for us each day as we are now working on comprehension checking in 1 Corinthians. It is always kind of exciting going through portions of God’s Word that are being heard for the first time. The ladies often shake their heads in amazement at how God knew just what to write for us!

“Sometimes it’s also a sobering reminder of their family and friends who are still ... blind to their sin condition. Aliauku, Mamakor, Pinen, Kopina [and] Yemimaukui are a few who have asked to hear more of God’s Word. Be praying too that their family would be faithful to teach them well and that the Holy Spirit would bring that understanding.”

Friday **God Provided Fuel in Papua New Guinea**

Luke and Jessica Thek serve in **Papua New Guinea** (PNG). We have been praying for the fuel shortage in PNG. The Theks and their co-workers can see how God is answering our prayers. The main fuel supplier in PNG has begun supplying fuel again, at least temporarily, which has allowed the Theks and their co-workers to continue flying in supplies and building their houses among the **Uruwa people**.

“Thank you for praying with us, not for the sake of our houses being done sooner, but for the sake of the Uruwa people being that much closer to hearing God’s Word in their own [heart] language. ... Please pray for a long-term solution to the fuel shortage in PNG.” Pray too that God would continue to protect the team amid construction accidents and injuries.
