

Monday **Discipling EBI Students Studying the Bible Online**

Mike and Sandy Lynch minister to students studying online with **Ethnos360 Bible Institute** (EBI). "It is an exciting program that has so much potential for helping the students grow in their own faith and for some of them to take the gospel message to the unreached people groups throughout the world. ... [Pray for EBI as] we will be rolling out new initiatives for the discipleship program along with the addition of new deans this fall. ... As we prepare to move to another missionary house in New Jersey in late July, please pray for a new church for us, new relationships [and] teaching opportunities." Learn more at e360bible.org/online

Tuesday **A Church Building for the Emberá**

Luis and Ana Sánchez minister among the **Emberá people of Colombia and Panama**, the people group we prayed for earlier this month. The Emberá believers in Colombia currently do not have a building in which they can meet as a church. Luis has found a plot of land in an ideal location, and he hopes to build a two-story building. The downstairs would function as a meeting place for church services, Bible classes and discipleship classes for the men who are desiring to travel to their neighbours bringing the Good News. The upstairs would function as an apartment for Luis and Ana.

Pray that God would provide for the needs of Luis, Ana and the Emberá church. Pray that He would bless the Emberá who desire to share His Word with their people.

Wednesday **Pray for Helpers for Literacy Program in Guinea, West Africa**

Ruth serves in **Guinea**. Pray for her as she prepares for a literacy workshop. "It's still half a year away, but there is a lot to do, and it needs to be all done to send in a few months ahead of time ... The biggest challenge right now is to have someone to work with. ... Since people have started their work in the fields, everyone is very busy. But I'm thankful that we got some spelling rules figured out and were able to write quite a few stories already. You can pray with me that I can find some people to check if the stories are easy to read."

Thursday **Pray for Manubu' Young People in the Philippines**

Gene and Carol Trudeau minister among the **Agusan Manubu' people of the Philippines.**

“[Earlier this summer,] over 200 Manubu' young people who are believers from a number of Manubu' churches gathered at the Manubu' village we lived in for many years. They were taught the four Daniel lessons we wrote about how Daniel and his three friends stayed faithful to the Lord no matter what pressure was put on them to conform to ungodliness. The young people were also taught other Scripture to encourage them to stand firm for the Lord. And they discussed those issues. ... Please pray that they will indeed continue to love and serve the Lord.”

Friday **Pray for the Konomala Church in Papua New Guinea**

Seth and Kaitlyn Sanford minister among the **Konomala people of Papua New Guinea.** As the Konomala church enters “a new chapter,” the Sanfords and co-workers Luke and Ellenie Hodgdon desire to help believers walk in faithfulness. “We are praising God for how He has worked in people’s hearts. And we’re so thankful for the few in the church who have responded in humility and begun to walk faithfully with Him. At the same time, we’re sad for those who have chosen to walk in independence from their Father and continue living for themselves. ... Please keep praying for the church as we grow together and devote ourselves more and more to the work of presenting people fully mature in Christ.”
